

About Travelling Light Theatre Company

Travelling Light creates theatre *with* and *for* children and young people.

We have been lighting up imaginations and sparking the creative journeys of children and young people since 1984.

Our artistic programme enables thousands of children each year to experience the joy of great stories told through theatre, as both creators and audiences.

To keep up to date and get involved with our projects and shows, sign up to our e-newsletter on our website and follow us on social media.

Programme, map and urban animal trail

Welcome to Winter Lights

We invite you to get involved in an afternoon full of fun: enjoy storytelling, craft activities and music, watch captivating performances by Travelling Light's youth theatre, and join us for a magical lantern parade through Barton Hill to the Urban Park.

As part of our 40th year celebrations, we have collaborated with children, young people and our community to create **Winter Lights** – an event that celebrates joy, light, creativity and the warmth of community. Ideas for the lantern parade came from our youth theatre who in turn have devised a brand new story they will be sharing this afternoon. Decorations and costumes have been created by local young people and activities and opportunities to play informed by our work alongside families.
